EDUCATION

NEW YORK UNIVERSITY, Leonard N. Stern School of Business <i>Master of Business Administration, Consortium Fellow(full scholarship)</i> <i>Specializations: Product Management and Management of Technology Operations</i>	New York, NY May 2026
UNIVERSITY OF MICHIGAN, College of Engineering <i>Bachelor of Science in Chemical Engineering</i> • Graduated <i>cum laude</i>	Ann Arbor, MI May 2016

EXPERIENCE

PROCTER AND GAMBLE <i>Fabric Care Material Process Delivery Senior Manager</i> • Managed two advanced technicians to write material specifications, execute new size validations, and led investigations on chronic packing material issues • Developed site validation plan to qualify new carton vendor for \$1.5MM cost avoidance and shared KPI's for supplier performance to operations, supply chain, and business leadership bi-weekly • Directed project team with internal and external IT resources to update current material complaint digital system • Owned digital spec management system for 300+ SKUs and ensured readiness for product launches • Conducted investigation on quality incident occurring on European SKUs and influenced stakeholder decisions by presenting product recommendations that eliminated \$1MM in annual costs	Inwood, WV 2023 - 2024
<i>Making & Impregnation System Global Equipment Owner</i> • Implemented auto tension validation that led to 50% reduction in material related stops, resulting in ~\$200,000 annual savings • Led engineering and controls team to validate and implement process software to track critical process KPIs • Developed business case and defined product requirements for \$1.2MM cost-saving feature rollout aligned with strategic goals; deliverables included detailed cost analysis, line trials, and roll-out plan with senior management approval & buy-in • Wrote and conducted 10+ test & validation protocols for cost savings projects, • Coordinated with process controls team and operations to implement plc update, resulting in \$50,000 annual cost savings • Defined product roadmap, completed feature analysis, and collaborated with engineering and ops teams to deliver real-time process updates impacting 250+ users	Inwood, WV 2021 - 2023
<i>Manufacturing Line Leader</i> • Supervised 16 operators, PC&IS technical, and maintenance planner on packing line for high-volume and high-revenue product to consistently exceed production targets \$1MM revenue per 12-hour shift • Spearheaded loss elimination cycle to reduce line scrap by >50%, resulting in ~\$300,000 yearly savings • Coordinated with line team and offline technical resources to reduce machine unplanned downtime on by 60% • Managed career progression and skill development of 16 operation line technicians through quarterly 1-to-1 meetings • Tracked line performance KPIs and presented corrective actions to operations senior director during weekly hoshin meetings	Inwood, WV 2020 - 2021
<i>Material Process Delivery Fabric Care Startup Leader</i> • Updated and approved technical and artwork packaging specifications during startup of \$1 Billion manufacturing site • Managed KPIs & corrective actions in weekly continuous improvement meetings with carton supplier to reduce average material process reliability losses by 81% reduction • Used user-center design strategy to build, maintain, and continuously improve material complaint software; trained over 100 operators to use the software • Led artwork quality improvement at carton vendor leveraging material complaint data analysis and IWS methodology to reduce print quality losses by 60% • Trained over 100 new hire operators to perform quality checks on packaging attributes	Inwood, WV 2017 - 2020

- Created 15+ job aides, SOPs, and manufacturing quality standards to ensure 100% quality compliance for packaging material

ADDITIONAL INFORMATION

- Skills: Leadership, Data Analysis, Loss Elimination, Problem Solving, Powerbi, Executive Communication, Microsoft Powerapps, C++, Microsoft Excel, Tableau, Python
- Leadership: African Ancestry Leadership Network Recruiting Leader (2021-2024) - organized various campus recruiting events as recruiting leader; Member, HR Pillar (2020-2022), Analyzed survey data from operators to develop culture improvement plan
- Interests: Music (Jazz, Hip-hop, R&B), Exercise (Strength Training), Sports(Football, Basketball)
