Master of Health Administration MHA (GPA: 4.11) *New York, NY*

- **Engagements:** Columbia Healthcare Ventures Vice Chair, Columbia Consulting Club Executive Board
- **Activities:** Research Fellow on M&A activities in healthcare systems and its effects on market dynamics, CBS Healthcare Investing Challenge Finalist, Penn State Health Policy and Administration Case Competition Semi Finalist, Columbia 2023 Healthcare Management Challenge, UCLA Healthcare Management Case Competition

The University of Hong Kong **June 2022**
Bachelor of Science in Speech Language Pathology & Minor in Strategic Management *Hong Kong, HKSAR*

EXPERIENCE

UC Investments – UCI Health Ventures **May 2024 – Current**
Investment Associate *Los Angeles, California*

- Sourced and screened 120+ seed through series C healthcare startups across digital health, medtech and diagnostics; led diligence efforts on 15+ deals and supported 4 investments in series A; evaluating business models, IP positioning, GTM fit, and clinical/regulatory milestones; prepared investment memo and coordinated IC presentations
- Streamlined pipeline tracking and internal workflows by implementing the CRM system Affinity, improving sourcing efficiency by 50%; developed a quantitative scoring model based on 10+ metrics (e.g., CAC, revenue runway, FDA risk, IP strength) to standardize startup evaluations and support IC presentations
- Authored the FY24 Annual Report and FY25 Q2, Q3 Quarterly Reports; developed a tracker in consolidating financial performance (e.g., cash runway, YoY growth, IRR & TVPI), clinical milestone monitoring, and strategic fit measures; enhanced portfolio visibility and informed capital allocation decisions between UC Investments / UCI Health Ventures

Delos Capital **April 2025 – Current**
Biotech Investment Research Analyst *(Part-Time) New York, New York*

- Supported diligence efforts and investment theses formulation for biotech and life sciences opportunities, evaluating pipeline assets, IP positioning, and platform scalability across oncology, neurology, and rare diseases
- Prepared research briefs and competitive landscapes to support deal screening, leveraging public filings, clinical trial data, and valuation comps to inform investment committee decisions

Bowtie Life Insurance Company (Series B Company) **August 2022 – March 2025**
Business Development & Growth Strategy Associate *(Part-Time) Hong Kong, Hong Kong*

- Formulate growth strategies around the Voluntary Health Insurance Scheme (VHIS) and critical life insurance product alongside the one and only baby term CI insurance in Hong Kong, analysed annual sales data, performed comprehensive landscape analysis, surveyed rider plans with designated providers, and benchmarked against competitor performances; expanded rider options to 2 additional provider and secured a +22% in sales
- Assisted in go-to-market strategies and created product roadmaps in preparing for the launch and development of the travel, dental and vision products; Collaborated with cross-functional teams to produce marketing materials, position product messaging and proposition delivery

Lvl Up Ventures **August 2024 – January 2025**
Venture Capital Analyst Intern *New York, New York*

- Evaluated 20+ early-stage healthcare SaaS and medtech startups by analysing product-market fit, GTM strategies, regulatory risks, and financial projections; built DCF models and assessed capital efficiency using metrics like burn multiple and CAC payback
- Prepared investment memos and market maps for AI diagnostics, remote monitoring, and surgical robotics sectors; supported sourcing through demo days, founder outreach, and benchmarking of exit pathways across M&A and IPO markets

J.P. Morgan Chase & Co **June 2022 – August 2022**
Summer Analyst, Digital Solution, International Change Management *Hong Kong, HKSAR*

- Advanced firmwide HCM transformation by supporting agile implementation (Scrum Master framework), improving self-service capabilities and contributing to an 18% boost in operational efficiency using JIRA and Confluence
- Analysed internal employee data and regional policy benchmarks to develop recommendations for senior leadership on workplace strategy, including enhancements to parental leave, hybrid work models, and talent retention initiatives
